Le Brun Beach House
18 Lighthouse Shores So. Lake Tahoe, Ca.

Lighthouse Shores is a private, gated community of 12 exclusive homes situated on a private beach in South Lake Tahoe. The community borders a wildlife refuge and wetlands area, offering a rare opportunity to view many types of birds including bald eagles, great blue herons and ospreys, among others.

The Le Brun Beach House is approximately 4000 sq. ft. The incredible teak interior took three and a half years to complete, often employing a talented crew of eight artists or more.   The beach house boasts hand-crafted Burmese teak furniture and fixtures displaying traditional woodworking skills and techniques seldom seen anymore.

From the truly spectacular banister inviting you into the house to individually carved doors inside and out, this home encourages you to touch and feel this labor of love. Beside the obvious beauty of the home, this house offers many conveniences and luxuries sure to please. Rare to Lake Tahoe, the Le Brun Beach House offers a private boat dock right outside the front door for easy access.

Below is a list of many of them:
